MENyORS
BUILDING A BETTER OREGON,
ONE YOUTH AT A TIME!
THE PROGRAM...
The mentor phase involves Cadets being matched with a mentor from his or her community.

Mentors help the Cadets maintain their momentum and stay on task, while guiding them toward reaching their goals they established during the Residential Phase.

THE COMMITMENT...
It is a fourteen month commitment; two months while the Cadet is at Challenge and twelve months after they return to their communities after graduation.

A former Cadet was once asked about advice to mentors... she replied
“Be more like a friend than a parent!”
